I am using my Ultimate membership firstly to increase my network of like-minded business owners and directors both in my industry but also those looking to generate more business this year. Secondly, I am looking forward to playing some

(hopefully) great golf up and down the country with our excellent collection of groups and courses.

I have been Deputy Ambassador of the Newbury group for nearly 12 months now and have utilised my flexi-membership to meet and work with a some great FORE Business members during the winter. I look forward to visiting as many groups as possible and discussing how BIT Quirky can help your sales grow in 2016.
